

FLOWTM

Fleet **O**n **W**heels

If you have difficulties locating vehicles or trailers on your lot, then we have a solution for you!

FLOWTM Features and Benefits

- *⇒ Interface to existing software systems
- ⇒ Hand held or fixed mount reading
- ⇒ Customizable database to record key fleet asset inventory and movement
- ⇒ Can withstand typical indoor and outdoor environments
- ⇒ Embedded tag for windshield or other mounts including trailer, tractor and etc.

FLOWTM is a RFID (Radio Frequency Identification) based solution that will give you up-to-date location information of all of the tagged vehicles/trailers on your lot!
